### Advocacy Interest Survey

Please take a few minutes to complete a short survey to help the Wyoming Medical Society strengthen our advocacy efforts and ensure that the voice of physicians and PAs is heard loud and clear when it matters most.

WMS is continuing the creation of our database of member expertise and advocacy interest so we can connect with our members who can provide valuable insights and expert testimony on issues affecting Wyoming patients, your practices, and the medical profession.

Thank you to our members who have already completed this survey. You are appreciated and we will be connecting with you soon!

## Partnerships to Prevent HIV

Learn from peers how simple pre-exposure prophylaxis (PrEP) for HIV can be and how your role may be key to addressing health inequities and preventing PrEP deserts. This session explores local data on unmet PrEP needs, examines the structural barriers impacting uptake, and offers practical guidance on initiating PrEP, including an overview of current regimens, CDC recommendations, and key implementation considerations. Participants will also be introduced to HealthHIV’s flagship certification programs that support physicians in building confidence and capacity to expand PrEP access.
